## Your Evidence-Based Reading and Writing Score

# 430

 | 160 to 760

Your Nationally Representative **31st** Sample Percentile

**!** Your scores indicate you are close to being on track for college readiness, but you need to continue to strengthen your skills.

Let's get you back on track, so you won't have to take noncredit courses in college. You have free, personalized recommendations waiting for you on [satpractice.org](http://satpractice.org).

## Your Total Score

# 960

 | 320 to 1520

Your Nationally Representative **51st** Sample Percentile

Keep in mind, the PSAT/NMSQT® and SAT® are on the same scale.

Your score shows you how you would have scored that day on the SAT. How well you do depends on what you do next!

## Your Math Score

# 530

 | 160 to 760

Your Nationally Representative **69th** Sample Percentile

**✓** You are on track for college readiness.

Stay on track and continue your progress. Start now with your free, personalized recommendations waiting for you on [satpractice.org](http://satpractice.org).

### The College and Career Readiness Benchmark

Reaching your grade-level benchmark means that you are likely on track to be ready for select first-year, credit-bearing college courses.

■ Need to strengthen skills    ■ Approaching Benchmark    ■ Meet or exceed Benchmark

\*The red, yellow, and green ranges in the test scores and subscores reflect your areas of strengths and weaknesses, compared to the typical performance of students in your grade.

## Test Scores 8 to 38 range\*

## Cross-Test Scores 8 to 38 range

**25** Analysis in History/Social Studies  
**20** Analysis in Science

If a student were to take the same test repeatedly (with no new learning), the standard deviation of the student's repeated test scores is called the standard error of measurement (SEM). Your score range is computed as your score +/- SEM. For PSAT/NMSQT, these ranges are approximately:

**Total Score:** Your score ± 40 points.  
**Evidence-Based Reading and Writing Section Score:** Your score ± 25 points.  
**Math Section Score:** Your score ± 33 points.  
**Test Scores and Cross-Test Scores:** Your score ± 2 points.  
**Subscores:** Your score ± 1 to 2 points.

Remember that you will receive scores in the same areas when you take the SAT.

## Subscores 1 to 15 range\*

Ima B. Student

2016, Grade: 11th Grade, Student ID 24068907

# National Merit Scholarship Corporation

National Merit Scholarship Corporation (NMSC) conducts the National Merit® Scholarship Program, an academic competition for recognition and college scholarships. To designate students who qualify for recognition in its 2018 competition, NMSC will consider the 2016 PSAT/NMSQT® Selection Index scores of some 1.6 million test-takers (usually high school juniors) who meet program entry requirements. For more information, please visit: [www.nationalmerit.org](http://www.nationalmerit.org).

If any of your responses to NMSC's "Entry Requirements" questions (see right-hand column) are inaccurate or there has been a change in plans that may affect program entry, write immediately to:

**National Merit Scholarship Corporation**  
Attn: Scholarship Administration  
1560 Sherman Avenue, Suite 200  
Evanston, IL 60201-4897

Include your name and home address along with your high school name, address, and six-digit code number.

## Your NMSC Selection Index

# 139

NMSC uses a Selection Index based on PSAT/NMSQT scores as an initial screen of students who enter its scholarship programs. To calculate your Selection Index, double the sum of your Reading, Writing and Language, and Math Test scores.

## Eligibility Information

If your Selection Index places you among the 50,000 high scorers who qualify for National Merit Scholarship Program recognition, you will be notified next September.

## Entry Requirements

(Information you provided on your answer sheet)

High school student:

**YES**

Year to complete high school and enroll full-time in college:

**2018**

Years to be spent in grades 9–12:

**4**

U.S. Citizenship:

**YES**

## Your Scores: Next Steps

Additional skills and improvement suggestions can be found in your online score report.

Your score indicates that you are already likely able to:

Reading Test

Improve your skills by focusing on the following suggestions:

Revise text as needed to improve the exactness or content appropriateness of word choices within somewhat challenging texts

Retain or add information or ideas to a piece of a text to support claims or points in somewhat challenging text

Revise somewhat challenging text to ensure that information is presented in the most logical order

Retain or add information or ideas to a piece of text to support claims or points in challenging text

Use a variety of sentence structures to accomplish a rhetorical purpose such as persuading an audience

Revise text as needed to improve the exactness or content appropriateness of word choices within challenging texts

## Writing and Language Test

Draw reasonable conclusions from somewhat challenging texts

Describe the overall structure of a somewhat challenging text

Identify claims and counterclaims explicitly stated in a somewhat challenging passage

Draw reasonable inferences and logical conclusions from challenging texts

Analyze information presented quantitatively in such forms as graphs, tables, and charts and relate that information to information presented in somewhat challenging text

Determine how the selection of specific words shapes meaning and tone in a challenging passage

## Math Test

Interpret a linear inequality in one variable with rational coefficients that represents a context. Select the equation of a line of best fit and interpret the slope and intercept of the line in the context of the situation (when a linear model is appropriate)

Interpret sample statistics understanding and using margin of error

Solve and interpret a quadratic function or equation that represents a context and requires multiple steps

Calculate and interpret frequency distributions using tables and other representational methods

Determine how a graph may be affected by a change to its equation

Determine the value of a constant or coefficient for an equation with no solution or infinitely many solutions

Using a specified model, make a prediction and compare the predicted values with the actual values in the data set

Within a context, compare the center of two separate data sets with different spreads

Determine whether two events are independent given their probabilities
