Student Information Release Authorization

In compliance with the Family Education Rights and Privacy Act (FERPA) of 1974, Shawsheen Valley Technical High School is prohibited from providing personally identifiable information in student records without the written consent, such as grades, billing, tuition and fees, financial aid, and other student information. You may, at your discretion, grant the school permission to release information about your student records to a third party by submitting a completed Student Information Release Authorization. You must complete a separate form for each third party to who you grant access to information on your student records. This form authorizes release of the specified information to the indicated third-party designee when presented to a SVTHS representative. Note: for the third-party designee you name on this form, this release overrides all FERPA directory suppression information that you may have set up on your student record.
