

# ImPACT Concussion Testing Instructions

**(This is different than the NFHS Online Concussion in Sports Course)**

Please read all instructions before beginning. The ImPact test must be completed by all **NEW (9th graders & transfers)** as well as **RETURNING 11th graders, those students new to athletics and any who have not completed in past seasons.** The Student **MUST** complete the test themselves, so we have accurate data on file in case of a concussion.

Shawsheen uses the ImPACT baseline test for concussion protocol. The ImPACT Test is a computerized test that has two main uses; the first is measuring the athlete's memory, attention span and visual/verbal problem solving. The second; is in the event of the athlete sustaining a concussion, this initial baseline test will be utilized to compare results post-injury.

You **DO NOT** need to print the final page after completing the test. All results will go automatically to the Athletic Trainer.

1. Open Google Chrome, go to:

[www.impacttestonline.com/testing](http://www.impacttestonline.com/testing)

Enter Code: **02261547e5**

2. Click "Launch Baseline Test"

3. **IF YOU HAVEN'T TAKEN THIS TEST HERE BEFORE:**

Select Enter Additional Demographics

4. **IF YOU HAVE TAKEN IT HERE BEFORE:**

Select Skip Additional Demographics

Important:

Student **MUST** take the test themselves

**Put cell phones away** – It is important that you are able to focus while doing the baseline test.

You are done when you see a screen asking about printing/emailing a confirmation. Do not worry about this, at this point you have completed the test and can close out the program.

**YOU DO NOT NEED TO PRINT/EMAIL THE CONFIRMATION**
